

TEMP-GARD III SHOWER UNIT

Z7300-SS-MT-HW-T2

TAG

ENGINEERING SPECIFICATIONS: ZURN Z7300-SS-MT-HW-T2

Single handle pressure balancing mixing tub and shower unit, ceramic control cartridge with stainless steel balancing piston, built in reverse connection capability (To reverse the hot and cold inlets simply remove cartridge and turn 180°), two service stops / check stops, and adjustable imit stop. When valve is turned on it must rotate from cold through to the hot position. All exposed trim and handle are metal with polished nickel chrome plated surface. Valve supplied with diverter style tub spout, standard hand/wall shower head, hand/wall unit, 60"[1524mm] flexible metal hose, 24"[610mm] mounting bar, supply elbow and flange. The valve inlets, shower and tub putlet are all standard with 1/2" NPT female thread connections. The 1/2" copper sweat options must be specified as shown below.
